it fits.

Designed specifically for the fast-paced SPD, the AMSCO 5052 Washer/Disinfector fits your needs for **performance, schedule** and **ease of use.**

 **STERIS**

it fits your department's needs

Every day your CSSD staff has to reprocess large amounts of instrumentation and equipment. The AMSCO® 5052 Washer/Disinfector is designed to deliver powerful results that meet the needs of your department.

IT FITS YOUR CLEANING PERFORMANCE REQUIREMENTS

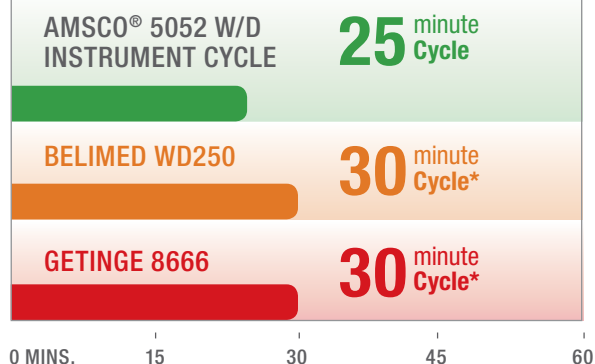

Outstanding cleaning power with a total coverage spray pattern provides cleaning and disinfection for the entire load. **Efficient use of water** and utilities minimizes expenses on every cycle. **Compliance** to ISO/AAMI 15883 means a validated process that is safe for staff and patients.

IT FITS YOUR SCHEDULE

The **validated 25 minute cycle** maximizes productivity so you can do more with less. **Minimize hands on time** with optional SCS automation.

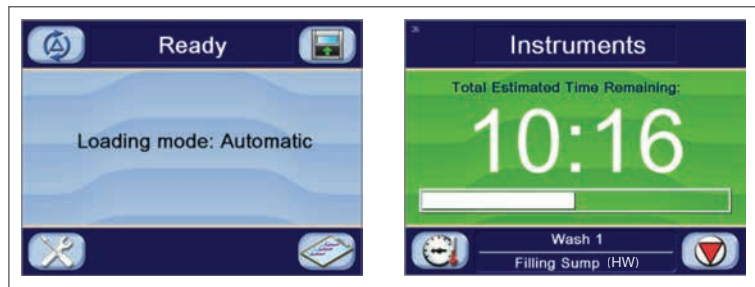

FASTEST CYCLE TIME IN CLASS

*Based on optimized cycle with best case utilities.

Belimed W250 is a product of Belimed, Inc. Data from "US Washer Brochure 0001 8/30/12", belimed.com (April 2013)

Getinge 8666 is a product of the Getinge Group. Data from product spec sheet "HC_WSDS_PS_8666_1011_EN_US", getinge.com (April 2013)

Easy-to-read display lets you know when your instruments will be ready and lets you monitor the cycle.

IT FITS YOUR NEED FOR EASE OF USE

Simplifies operation with intuitive touch screen. Easy to load racks **minimize hands-on time** with shelves that load from any side. Cool touch handles promote **safe operation** for staff. **Data management** is simple with an USB port or an on-board printer.

As The Healthcare Environment Continues to Change,

the need for efficiency and instantaneous information grows. Partner with STERIS to maximize your entire perioperative loop. STERIS solutions work together to maximize your equipment and your staff.

Equipment Performance Management and ProConnect® Remote Monitoring System

Maximize uptime in your SPD. Get the most out of your equipment and get the real-time information you need with STERIS.

- **See** real-time and historical equipment information
- **Act** quickly before issues arise
- **Excel** in a highly efficient CSSD

STERIS Service

Choose the service solution that's right for you and your budget. With over 800 technicians world-wide, you'll be sure to receive a response 24/7 when you need it most.

Prolystica® Cleaning Chemistries

Pair your Amsco 5052 Washer/Disinfector with Prolystica Ultra Concentrates to optimize cycle times and prolong instrument life. Enzymatic, neutral detergent, alkaline detergent, and lubricant formulas available.

Stewardship

STERIS's Green Leaf signifies products that bring sustainable benefits to your facility, such as water and energy conservation, waste reductions, and extending the life of your investment.
